**Patchcord/optical connector**

MPO-ULC Fanout cable

We provide the highest capacity of required cabling under many industry standards.MPO-ULC fanout cable can connect pre-terminated high fiber count cable(OSP) easily and you can save cost and time.

Features

» **Suitable for Pre-Terminated cable connection**

» **Easy installation**

» **High density**

» **Low insertion loss**

Product drawing outline

MPO: Telcordia GR-1435-CORE Issue2, IEC 61754-7 and TIA-604-5 interface compliant
ULC: Telcordia GR-326 Issue4, TIA/EIA-604-10 (FOCIS-10) and IEC 61754-20 compliant
All: RoHS compliant, All plastic connector materials are UL94 V-0 flammability rated

Specification

Description	24MPO (10[N])	ULC
Polishing type	APC	UPC
Insertion Loss (Max)	≤αL + 0.35dB	≤αL + 0.5dB
Return Loss	>55dB	>55dB
Operating Temperture	-40℃ ～ +70℃	

α=0.4(dB/km): Cable attenuation at 1310nm
L(km): Total Length of cable
