

Patchcord/optical connector

FlexMPO™ ULL Patchcords

We provide the highest quality of required cabling under many industry standards. Ultra Low Loss with high density is available.

Features

- >> Low insertion loss
- >> Push-Pull operation

Specification

| Description | Single Mode (ULL) |
|--------------------------|---------------------|
| Insertion Loss (Typical) | ≤0.1dB (All Fibers) |
| Insertion Loss (Max) | ≤0.25dB |
| Return Loss | >60dB |
| Operating Temperature | -40°C ~ +75°C |
| Ferrule Type | 12F, 24F |
